

# LIVER OF SULFUR

(USED FOR ANTIQUING AND COLORING)

## WARNING

Keep out of reach from children. This item is harmful if swallowed, inhaled, or absorbed through skin. Wear protective eyewear, gloves, and respirator when handling.

## FIRST AID

**External:** Wash hands with soap and water after handling.

**Internal:** If conscious, immediately induce vomiting. Consult a physician.

**Eyes:** Wash with water. Consult a physician.

**Inhaled:** Move to where there is fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen.

## DIRECTIONS

Dissolve a lump of liver of sulfur in warm water. Paint the solution on the metal or dip the metal in the solution. The strength and temperature of the solution will affect the coloring. Buff the metal when it has dried to reveal the highlights.
